The ordinary Shareholders' Meeting has deliberated to revoke, for the time left and for the non-utilized part, the existing proxy for share buyback, and simultaneously confer a new proxy. The new proxy is structured as follows: a) duration: 18 months from the Shareholders' Meeting resolution; b) maximum number of ordinary shares that may be purchased: 20,000,000, equal to about 4.87% of Share Capital; c) the price of each share buyback must neither be 10% higher nor 10% lower than the reference price recorded by ordinary shares in the regulated market trading session prior to each operation.

PRESENTATION OF REMUNERATION REPORT AND APPROVAL OF STOCK GRANT PLANS

The Group has submitted to the Meeting's advisory the Remuneration report and the vote has been in favor. The Remuneration report – drawn up to comply with the applicable legislation

– provides guidelines to define the remuneration of those executives and managers who bear strategic responsibilities.

Moreover, the Shareholders' Meeting has approved a new stock grant plan for year 2014 designed for both the Managing Director and CEO of Gruppo Espresso S.p.A., as well as for the employees of the Group or its subsidiaries, by assigning a maximum of 1,850,000 Units.

The Meeting has also delegated the Board of Directors – and the Remuneration Committee as its representative – to identify the beneficiaries, draw up the regulations and meet any related disclosure obligation. The whole operation shall be carried out in accordance with the terms and the conditions, as well as the implementing rules, indicated in the Info Document drawn up in accordance with article 84-bis of Consob Regulations 11971/99, and disclosed to the public as required by law.

This 2014 stock grant plan - as approved - aims at cultivating loyalty in the relationships between the Group and those who are in charge of strategically important functions in carrying out the Group's activities; it, moreover, aims at providing an incentive intended to reinforce its commitment to improve the Group performance.
