Milan, 22 January 2020

The Board of Directors of Triboo S.p.A. ("Triboo"), Group operating in the field of e-Commerce and Digital Advertising, listed on the MTA ("the Group"), under the leadership of the Chief Executive Officer, Riccardo Maria Monti, has examined and approved the 2020-2022 Business Plan ("the Plan").

"We are satisfied with the results achieved in 2019 and the 2020 financial year began at a strong acceleration, being able to rely on a strengthened management team and a new internal organization, based on a strategic redefinition of business areas. The new Plan foresees sustained growth and an increase in margins, leveraging on the expansion of the service offering together with the technological innovation that has always characterized Triboo" stated **Riccardo Maria Monti**, Chief Executive Officer of the Group.

Highlights of the 2020-2022 Business Plan

The strategy of the new Plan is based on four guidelines:

- development of the e-Commerce thanks to an organic growth in the client portfolio of stores managed by the Group, new brand partners and a greater impact of B2B through agreements with main marketplace around the world;
- full integration of recent acquisitions that will contribute to the growth in the upcoming years;
- development of agency services on international markets, confirming the positive trend and the growth of the investments made in the Russian and Asian market;
- a review of the strategy in the media department through an organizational model with a clear business vision, optimization of the workflow and costs.

The Plan redefines the strategic business areas ("Strategic Business Area" or "SBA"), now divided as follows: T-Commerce, T-Agency, T-Mediahouse and T-Lab.

- **T-Commerce:** SBA focused on new partnerships and investments in order to develop a wider range of technological solutions. A reorganization of the online stores managed by the Group and an organic growth of the client portfolio driven by megatrends of the market will be pursued, as well as new collaborations and a greater use of technology based on blockchain.

- **T-Agency:** SBA focused on the development of digital agency services and performance marketing, which play a key role in the strategies of companies that decide to invest in omnichannel solutions. The growth will be connected to the results, achieved during the past year, in Russia and Asian Countries.
- **T-Mediahouse:** SBA focused on a new strategy based on the quality of vertical editorial content through the evolution of a commercial proposal and business model complementary to market dynamics, within five thematic areas: green, finance, automotive, food, women; relying on a total of over 17 million unique users per month.
- **T-Lab:** SBA where all new initiatives and special projects of the Group will converge.

Market Scenario

The global market scenario shows an average growth rate of e-commerce in the three-year period 2020-2022 up to +17%, with the weight of online sales compared to retail, growing from 16.1% to 20%¹.

The main countries in terms of turnover growth are represented by: China, US, UK, Japan and South Korea. Also in Italy the growth of e-commerce, in the period 2020-2023, is expected to be a double digit, driven by following leading sectors: furniture, fashion and "food & selfcare".²

The global market scenario shows an average growth rate of the digital advertising up to +13%, in Italy of 9%³. Triboo is already present in these countries, ready to take advantage of opportunities thanks to targeted investments for the establishment of branches or acquisitions made in previous years.
